PROBLEM STATEMENT

Manual event handling causes delays, miscommunication, and poor coordination. A College Event Management Portal can simplify registrations, give real-time updates, and ensure smooth event execution.

PROJECT OVERVIEW

The College Event Management Portal is a centralized platform designed to simplify the planning and execution of campus events. It enables easy registrations, real-time updates, resource management, and smooth communication between organizers and participants, ensuring successful and well-coordinated college events.

WHO ARE THE END USERS?

i. Students: To register for events, view event schedules, submit entries for competitions, and receive updates.

ii. Event Organizers (Faculty/Staff/Student Clubs): To create and manage events, track registrations, communicate with participants, and announce results.

iii. Faculty/College Administration: For oversight of events, approval processes, resource allocation, and showcasing college activities and achievements.

iv. External Guests/Attendees: To view public event details, register for open events, and potentially purchase tickets or access live streams.

TOOLS AND TECHNIQUES

❖ *Frontend Framework: React.js / Angular / Vue.js.*

❖ *Styling: CSS, Material-UI / Bootstrap, animations.*

❖ *Other Libraries: react-router-dom, axios, fullcalendar.js, react-date-picker.*

❖ *Version Control: Git & GitHub.*

❖ *Deployment: Netlify / Vercel / Heroku.*

❖ *Database: MongoDB (with Mongoose) / PostgreSQL / Firebase.*

❖ *Backend: Node.js (Express.js) / Python (Django/Flask) / PHP (Laravel).*

# POTFOLIO DESIGN AND LAYOUT

➢ **Home/About Portal**

➢ **Event Listings**

➢ **Event Registration**

➢ **Organizer Dashboard**

➢ **Gallery**

➢ **Contact/Support**

➢ **Responsive Layout**

FEATURES AND FUNCTIONALITY

✓ Navigation bar with smooth access

✓ Event registration with validation

✓ Event showcase with images/details

✓ Organizer login & event management

✓ Gallery section for highlights

RESULTS AND SCREENSHOTS

CONCLUSION

The project shows how a portal can manage college event easily and effectively.

It reduces manual work and improves coordination.

Overall, it was a usefull and valuable learning experience.
